### **For Immediate Release**

To Local News / Economic / Property Editors & Reporters:

## **Building Surveyor Awards 2021 - Call for Entries**

Since 2015, Building Surveying Division of the Hong Kong Institute of Surveyors (HKIS-BSD) has organised three Building Surveyors Awards with remarkable success. To acknowledge the contribution made by the surveying industry to different sectors of the society, HKIS-BSD is organising the fourth Building Surveyor Awards 2021 (BSA 2021) and is inviting all building surveying practitioners to submit entries.

The Building Surveyor Awards are one of the most prestigious honors in the building surveying profession so as to give public recognition to preeminent projects in terms of design, innovation, management, sustainability and value enhancement with substantial contributions by Building Surveyors. The theme for BSA 2021 is “**Community • We Care**”, with emphasis on community care in building projects.

The three categories for BSA 2021 are “New Development”; “A&A and Conversion”; and “Maintenance and Rehabilitation”. Under each category, nominations are open for the groups of “Client/Client’s Representative”, “Consultant” and “Contractor”. The most prestigious **Grand Award** may be granted to one of the winning projects, which would be selected from each category.

On top of the winning projects and Grand Award, there are three Special Awards to recognise remarkable contribution in specific areas, **Sustainability Award** and **Value Enhancement Award** commending building surveyors’ contributions to their projects with achievements in enhancing sustainability and economic value. **Community Caring Award** is newly introduced for BSA 2021 to commend their contributions in terms of fulfilment of social responsibility, community benefits / public gain, and engagement of the neighbourhood’s need.

Nomination forms and required documents must be submitted no later than 11:59 pm on 26 February, 2021 (Friday).
